A Future-Focused Forum for Industry Leaders

Designed for investors, operators, developers and experts who already understand the sector, the programme will focus on the innovations, operating models and capital decisions shaping the next three to five years of hospitality, wellness and longevity.

09:30

Arrival & Networking

A curated environment where investors, operators, and partners connect at the start of the day. Conversations begin early, focusing on opportunities, partnerships, and capital alignment.

10:00

Opening: Where Hospitality, Health and Capital Are Heading Next

A concise introduction to the forces reshaping hospitality, wellness and longevity.

10:30

Opening Conversation: The Future of Hospitality Is Healthspan

How prevention, recovery and longevity are transforming hotels, resorts and branded residences, and what the next generation of guests and investors will expect.

11:15

Innovation Session: From Personalised Wellness to Predictive Health

A practical examination of AI-guided prevention, advanced diagnostics, biomarkers, wearables, recovery technologies and continuous health relationships before, during and after the stay.

The conversation will distinguish what works today, what may scale and what remains unproven.

12:30

Business Model Session: Beyond the Room

How future hospitality can generate value through memberships, branded residences, diagnostics, recovery programmes, medical-wellness stays, recurring services and relationships that continue beyond departure.

13:15

Networking Lunch

Hosted introductions and focused conversations among participants.

14:30

Curated Opportunity Showcase

A selection of hospitality, wellness and longevity projects and concepts presented for consideration.

All opportunities are subject to prior review and owner approval. Submission does not guarantee selection.

15:15

Investment Conversation: What Will Capital Back Next?

A senior-level discussion about the assets, operating models and markets most likely to attract capital.

The session will examine what investors require, where repositioning opportunities are emerging and how promising concepts can develop into credible, scalable platforms.

16:00

Closed Deal Room

Private, pre-matched meetings focused on projects, investment, operations and strategic collaboration.

Participation and meetings are by selection. No investment, introduction or outcome is guaranteed.

17:30

Cocktail Reception

An informal continuation of the day's conversations.
